the habit of preparing the Narrative and Abcase, prescribed by Circular Order No. 7, dated the 27th June 1859, from the Vermacular Record of the case, instead of doing so from their own notes.

2. The object which the Court had in view, when they issued their Circular No. 7, was that Magisterial Officers should discontinue the pernicious practice of recording the evidence of witnesses by means of Mohurirs, while they themselves were otherwise engaged, and should instead examine each witness vivid voce, giving their whole attention to him and nothing else, and take down notes of his evidence in their own language, while the Mohurir recorded it at length in the Vernacular, and that they should eventually prepare their Abstract and Narrative alluded to above, without ever having occasion, or very rurely, to refer to the Vernacular Record at all.

The preparation of an abstract of the witnesses' evidence from the record, after the case has been closed, is mere was not time, and the Court therefore direct that all Magisterial Officers shall for the future take down notes of the evidence from the mouth of every witness they examine, at the time he delivers it, the Moliurit writing it at length in the Vernacular at the same time; and that the practice of allowing Molurire to write down the evidence of witnesses, while the Presiding Officer is occupied with other business, be henceforth strictly prohibited, and that the original notes of the witnesses' evidence, (or copies of them if they are not tolerably legible), be filed with the record, instead of a fresh abstract being made to accompany the Narrative, as required by the Circular Order alluded to above.

4. The carrying out of these rules will enable the Magisterial Authorities to curtait their proceedings considerably, by rejecting at once all worthless and irrelevant evidence, now so frequently recorded at length by the Mehriris, and by confining the examination of the witnesses to the point at issue, and by stripping their deposi-tions of all verbinge, whilst the increased value of the evidence so taken, the complete insight they will by this course obtain of their cases, and the readiness and facility with which they will consequently be able to decide them, will more than compensate the Magisterial Authorities for any additional trouble that may be imposed upon them, by giving full effect to the Court's orders.

Notification No. 10.

TO TREASURY OFFICERS IN ACCOUNT WITH THE GOVERNMENT OF INDIA.

Adjustment of Outstanding Balances.

REPERMING to the new form of Treasury Account which it is proposed to introduce in connection with the Rudget system, it becomes very necessary to reduce the balances now standing under the head of Miscellaneous Advances in the several Treasury Accounts to the lowest possible figure, and for this purpose it is essential that the most active measures should be immediately adopted.

to ascertain the causes of any existing delay, and the amounts which may be at once adjusted on the proper vouchers, applying to all Officers concerned for the immediate return of such as have been submitted for sanction or audit; and to note against each item in the column of remarks, in the next Statement submitted to this Office, the steps which have been taken to ensure early adjustment.

Treasury Officers are at the same time reminded that, while nothing tends so much to the simplification of accounts, the relief of their Establishments, and their own credit, as the satisfactory condition of their Miscellaneous Advances, they are also themselves personally responsible for unadjusted or unaudited expenditure, as well as for needless delay in adjusting payments made by their predecessors, and this responsibility will, under the new system, be rigidly enforced.

I may add that every assistance will be readily afforded by the Head Offices of Audit and Account in expediting the measures herein prescribed, and that, as a general rule, no items should remain quadjusted for a longer period than two or three ments.

No. 11.

Discount on Postage Stamps.

It is requested that the proceeds of Postage Stamps sold at a discount of half anna and one anna may in future be separately exhibited in the Treasury Accounts as follows:—

Sale proceeds of Postage Stamps of less than five Rupses in value, sold without discount ... 0 0 0 0 0 0 0

The payments of discount at the two rates specified should likewise be distinctly debited per contra, to admit of the credit entries being properly checked.

Circular No. 1074.

To THE COMMISSIONERS OF CIRCUIT.

STR,—I have the honor to request you will be good enough to direct an immediate revision of the Deposit Accounts of the Magistrates of your Divisions, with the view of all such balances being transferred to the credit of Government under "Profit and Loss" as may appear to you, on report, properly transferable.

- 2. A large number of the items now in balance consist of either fines, savings, refunds or salaries of individual Officers of Establishment. Fines should be credited as fines, and not held in deposit; and so should savings, refunds, and the like. And as regards unpaid salaries of Establishments, I may remark that it was never intended that the public accounts should be burdened with the lengthened retention of such monies.
- 3. The rule in the Revenue Department, under which Deposits are usually transferred after the lapse of twenty years, has special reference, it should be borne in mind, to items which are strictly private monies paid in at the Collectorate as Deposits in connection with transactions with the Collector, and not to monies originally charged to the State, but from circumstances unforescen at the time the charges were made, or of other necessity falling temporarily into the Deposit Accounts.
- 4. If therefore sums charged to Government as for payment are not paid when debited in account, or within a reasonable time after being carried to Deposits, the expenditure should be resumed, unless specially exempted.
- 5. I shall feel obliged by your informing me of the execution of this duty as the revision is completed in each District, and it would also be advisable, it seems to me, that their Deposit Accounts should be revised by the Magistrates annually in April of each year.

SIR,—I HAVE the honor to advise you that it will not be necessary, in future, to repeat in the Miscellaneous Advances Statement, forwarded with your Monthly Treasury Accounts, the items of advances in full detail as is now done.

- 2. It will suffice, if the advances made during the month only are entered in detail, and the balance of previous items brought forward in aggregate.
- 3. A Quarterly Report, in the subjoined form will, however, be required, exhibiting in detail items which have been outstanding for three months and upwards. On this Report, the instructions of the Accountant will be afforded in the Column provided for the purpose, when it will be returned for your guidance, and for any further observations you may have to offer.

excepted.

2. The arrangements in the Labore Division have been governed by the principles laid down in the Bill for the Regulation of Police now before the Legislative Council, with such modifications in detail as the circumstances of the Punjab Provinces render necessary. The reformed system has been in operation under most careful supervision for some mouths, and the experience obtained will much facilitate its introduction into other Divi-

- 3. Subject to the sanction of the Supreme Government, the following Grades of Officers will be constituted for the superintendence of the organized Constabulary :-
 - I Inspector-General of Police. 4 Deputy Inspectors-General.
 - District Superintendent for each District.
 - 1 Assistant District Superintendent for each District.

- 5. The Inspector-General will become the Head of the Police Department, and correspond with the Civil Secretary to Government, with the Commissioners of Divisions, and the Deputy Inspectors-General. He will be responsible for the speedy introduction of the new system, and for the efficiency and good conduct of the whole Force.

6. During the transition from the old to the new system, he will be guided by the advice and great experience of the late Head of the Department, Mr. A. A. Roberts, c. B., on whose sound judgment and cordial co-operation His Honor can

confidently depend.

- 7. - 11. Officers of both Departments will bear in mind that the re-organization of the Police, on the principles declared in the Draft Act of the Legis lative Council, is a measure which has the full concurrence of the Supreme Government. The Lieutenant-Governor relies on the intelligent and energetic co-operation of his Subordinates of every Grade in forming, by the fusion of the separate bodies of Police which have hithertof existed in these Provinces, an efficient, disciplined, and inexpensive Constabulary.
- 12. A few detailed rules for guidance are under preparation, and will be circulated hereafter.

Notification No. 10.

TO TREASURY OFFICERS IN ACCOUNT WITH THE GOVERNMENT OF INDIA.

Adjustment of Outstanding Balances.

REFLECTS to the new form of Treasury Account which it is proposed to introduce in connection with the Budget system, it becomes very necessary to reduce the balances now standing under the head of Miscellan.ons Advances in the several Treasury Accounts to the lowest possible figure, and for this purpose it is essential that the most active measures should be immediately adopted.

Treasury Officers are requested therefore, on receipt of this Circular, personally to examine their Miscellandous Advance Registers in detail,

concerned for the immediate return of such as have been submitted for sanction or audit; and to note against each item in the column of remarks, in the next Statement submitted to this Office, the steps which have been taken to ensure carly adjustment.

Treasury Officers are at the same time reminded that, while nothing tends so much to the simplilication of accounts, the relief of their Establishments, and their own credit, as the satisfactory condition of their Miscellaucous Advances, they are also themselves personally responsible for unadjusted or unaudited expenditure, as well as for needless delay in adjusting payments made by their predecessors, and this responsibility will, under the new system, be rigidly enforced,

I may add that every assistance will be readily afforded by the Head Offices of Audit and Account in expeditiog the measures herein prescribed, and that, as a general rule, no items should remain unadjusted for a longer period than two or three

Circular No. 1074.

TO THE COMMISSIONERS OF CIRCUIT.

BIR,—I HAVE the honor to request you will be good enough to direct an immediate revision of the Deposit Accounts of the Magistrates of your Divisions, with the view of all such balances being transferred to the credit of Government under "Profit and Lioss" as may appear to you, on report, properly transferable.

2. A large number of the items now in balance consist of either fines, savings, refunds or salaries of individual Officers of Establishment. Fines should be credited as fines, and not held in deposit; and so should savings, refunds, and the like. And as regards unpaid salaries of Establishments, I may remark that it was never intended that the public accounts should be burdened with the lengthened retention of such monies.

3. The rule in the Revenue Department, ander which Deposits are usually transferred after the lapse of twenty years, has special reference, it hould be borne in mind, to items which are strictly private monies paid in at the Collectorate as Reposits in connection with transactions with the Collector, and not to monies originally charged to the State, but from circumstances unforescen at the time the charges were made, or of other necessity falling temperarily into the Deposit accounts.

4. If therefore sums charged to Government is for payment are not paid when debited in second, or within a reasonable time after being arried to Deposits, the expenditure should be assumed, unless specially exempted.

b. I shall feel obliged by your informing me of the execution of this duty as the revision is completed in each District, and it would also be dvisable, it seems to me, that their Deposit Accounts should be revised by the Magistrates annually in April of each year.
